

AURA

Australia

Global Talent Independent Program

Australia is a highly developed country and has one of the world's top 15 economies. The country provides its nationals with a high quality of life, economic freedom, and the protection of civil liberties and political rights. The Global Talent Independent Program is a streamlined pathway to permanent residence for highly skilled executives, businesspeople, entrepreneurs, and professionals. It is designed to help grow Australia's innovation and tech economies and create opportunities for Australians by transferring skills, promoting innovation, and creating jobs.

Population: 26.4 million

Language: English

Economy: Advanced, open-market

Currency: Australian dollar

Key benefits

Applicants are not required to make any investment in Australia

There is no age limit (however, applicants over 55 years must demonstrate exceptional benefit to the country)

The program is a direct route to a permanent residence program

Applicants receive prioritized remote processing

Procedures

To apply under the Global Talent Independent Program, applicants are required to lodge an expression of interest. The necessary documents for this lodgment include a detailed résumé or curriculum vitae and a brief statement describing their profession, internationally recognized achievements, relevant prominence in their field, and how they intend on being an asset to the Australian community. Australia's standard health and character assessments apply.

1. Client contacts *Aura Solution Company Limited*

Main applicant requirements

The Australian government is seeking the best and brightest global talent in the following 10 future-focused target sectors:

- Resources
- Agri-food and agtech
- Energy
- Health industries
- Defense, advanced manufacturing, and space
- Circular economy
- Digttech
- Infrastructure and tourism
- Financial services and fintech
- Education

Applicants for the Global Talent Independent visa must be internationally recognized, currently prominent in their field, and able to provide evidence of outstanding achievements over their career. This may include senior roles, patents, professional awards, and international publications and memberships.

Applicants must provide evidence that they would be an asset to Australia in their area of expertise and have no difficulty obtaining employment in the country or becoming established in their field.

Applicants must be able to obtain a nomination from a recognized organization or individual in Australia, in the same field as the applicant.

Places are also available to PhD graduates and certain PhD students who are nearing completion of their thesis and can demonstrate their exceptional talent and international recognition in a target sector.
